About Us

Raised in the same city, Jonny and Danny share the same passion for property, quality craftsmanship, and creating homes with lasting value. Together, they founded Hamwic Homes with a vision centred around structure, attention to detail, and delivering thoughtfully designed homes people are proud to live in.

Danny brings the mindset and discipline gained from his career as a professional footballer - a background that has shaped his strong work ethic, ambition, and drive for excellence in every project.

Jonny, with his background in property and development, brings extensive knowledge of the market along with a keen eye for design, functionality, and investment potential.

Combining their individual strengths, Hamwic Homes was built on more than just development. It was created with a genuine passion for building high-quality homes that stand the test of time, while also giving back to the community they both grew up in.

The images alongside this showcase the latest completed development, “Broadleaf” — a home thoughtfully designed and brought to life with exceptional care and attention to detail.

Below is a testimonial from the proud new owners.

“We had a fantastic experience dealing with Jonny & Hamwic Homes.

Communication was seamless throughout the entire process, and the move-in itself went incredibly smoothly.

They were always willing to listen and address any issues—big or small—which made a real difference. The house itself is beautiful, finished to a very high standard, with every detail clearly well thought through.

We feel lucky to have found this home and to be able to make it our forever home. I would definitely recommend Hamwic Homes—there’s something truly special about working with an independent builder who genuinely understands how people want to live.”

We look forward to helping you discover a home designed for the life
you've imagined
